

We support all veterans who defend our freedom, and to all the service men and women, we give a special thanks for serving our country.

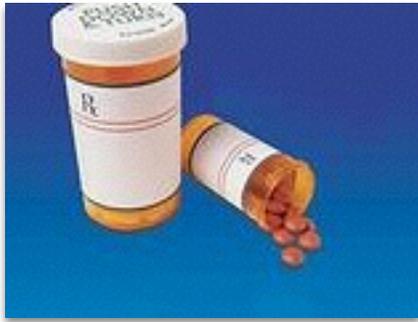

Leaving the hospital, extended nursing center, or just having an out patient procedure, we will be there for you and your family. We understand the importance of being able to live an active lifestyle with kind reliable caregivers. Redd's Homecare Agency is for anyone coming home from the hospital and or nursing home who needs a quality caregiver for assistance. When your family & friends are at work or out of town, you will have Peace Of Mind In Home Care.

Redd's Homecare Agency provides advanced medical services and emotional support to patients who prefer to recover from illness, injury or surgery in the familiar surroundings of their home. Our home care programs are all about restoring the highest possible function and quality of life to patients who have a wide range of acute and chronic conditions. It's guided by an individualized care plan designed in partnership between our home care professionals, the patient, and the patient's personal physicians and family members.

Our care can help avoid or shorten hospital stays and is ideal for anyone whose condition must be monitored frequently. And each plan is delivered with cultural sensitivity by highly skilled, deeply committed specialists who are knowledgeable and respectful of diverse ethnicities.

Redd's Homecare Agency is tailored to ensure each patient receives the finest medical attention, rehabilitation therapy, life skills training, or whatever care and assistance is needed. Our exceptional home-based services can provide help with basic tasks such as eating, dressing or walking. We offer more advanced services such as nursing care; physical, occupational and speech therapy; heart and blood pressure monitoring; nutritional and spiritual counseling; and care for victims of stroke, dementia and Parkinson's disease.

We also provide specialized high-tech services such as tube and IV feeding, IV drug administration, wound care, pain management, and more.
